OBJECTIVES AND ACTIVITIES

The charitable objective of the Association is to promote and improve agriculture for the benefit of the public by the improvement of livestock and the demonstration, exhibition and showing of livestock, machinery, crafts, products, methods and processes connected with agriculture and agricultural education.

The trustees have had due regard to guidance published by the Charity Commission on public benefit. In planning our activities we seek to provide benefit to the public, without prejudice, by our principal activities of improving the standards of farming and farm craft for the farmers residing within the area and encouraging and supporting activities organised by local community groups operating in Stanhope, and the surrounding area.
